LINK your Omnipod 5 Automated Insulin Delivery System data with Glooko

If you have missed linking your Omnipod 5 and Glooko, please follow these four simple steps:

1. Log into your online Omnipod account at www.omnipod.com, using your Omnipod ID
2. Go to the **My Account** tab and then select Account linking from the drop down menu. Then click **"Link"**
3. Select **"sign up"** or **"log in"** with Glooko
4. Proceed to Glooko and complete the process to link your account

When complete, your status will update to **"Linked"** and data will automatically upload into your personal Glooko account*. You can always unlink your account between Omnipod and Glooko to stop data sharing.

*Must be connected to WiFi or cellular data, and Omnipod 5 users must have WiFi or cellular data access to receive updates in Glooko.

Choose to **SHARE** your
Omnipod 5 Automated
Insulin Delivery
System data with your
healthcare provider

*Entering a ProConnect code in
Glooko is the only way for your
healthcare provider to see your
Omnipod 5 data on their computer.*

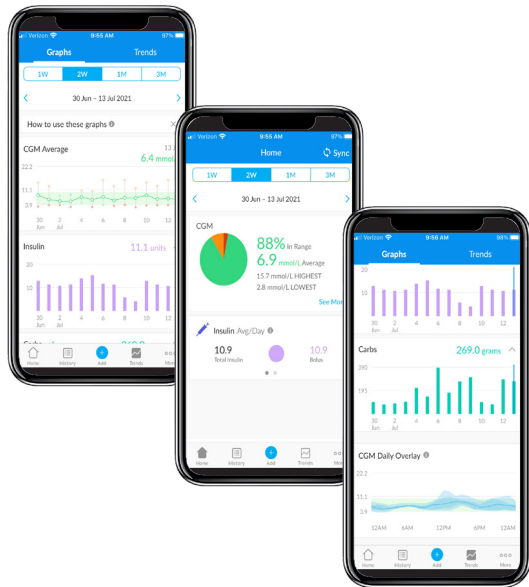

**ProConnect Code:
Provided by your
healthcare practitioner**

If you have missed linking
your Glooko account to your
Healthcare Professional, please
follow these five simple steps:

1. Log into your Glooko account at my.glooko.com
2. Select **"Settings"** from the drop-down menu
(top right on the home screen)
3. Scroll down to Account and select
"+ Add New Code"
4. Select **"Continue"**
5. Enter ProConnect Code (listed below)
then select **"Submit"**

Using the GLOOKO MOBILE APP

You have the choice to use the Glooko mobile app or the online Glooko platform my.glooko.com

For iPhone

Download the app and login

- From the App Store search for and install the “Glooko mobile app”
- Log in or create an account by filling out the requested information

View your data

Once your data is uploaded to Glooko, you can view your trends and graphs on your iPhone.

Choose to share data with your healthcare provider

- Click the **More** tab,
- Click **Share Reports** to email or fax the reports

For Android

Download the app and login

- From the Google Play™ Store search for and install the “Glooko mobile app”
- Log in or create an account by filling out the requested information

Sync and view your data

- Tap Sync from the Home Screen, and select Omnipod 5 Automated Insulin Delivery System
- Follow the prompts to complete the sync

Choose to share data with your healthcare provider

Click **Share Reports** to email or fax the reports.

Create, Store or Print a PDF REPORT

You can create and view reports on the **Glooko mobile app** or at **my.glooko.com**.

1. Login to your account

2. To create a report:

- Click on your **Profile**
- Click **Create PDF Report** (top right)
- Choose desired reports and time frame and click **Create PDF**

3. To save/print a report:

Once the report is created, either save it to your desktop or a desired location, or print directly.

Create PDF

Liv Waddle
